Course Overview : Health Promotion

Course overview

Health Promotion

3rd Grade – Fall Semester 2024-2025

Assist. Prof. Dr. Sangar Muhammad AHMED

Sangar.ahmed @tiu.edu.iq

Date_

Course name;

Health Promotion

Course Description

This course focuses on the assessment and management of healthy children and adults in a variety of settings. The concepts of health, health promotion, and disease prevention related to age and cultural values are explored. Health promotion for vulnerable populations is explored through epidemiologic methods.

Course Objectives

Upon completion of the course, the student will be able to:

- To describe the overall term regarding health promotion.
- Identify definition of health, wellness, life style and health promotion
- Describe history of health promotion
- To describe the theories of Health Promotion Models.
- To apply approaches to health promotion and disease prevention.
- To apply the nursing concepts in health promotion.
- To identify nursing role in health promotion
- To identify health promotion program
- To identify health promotion practices.

- Schneider M-J and Schneider HS (2017). **Introduction to Public Health**. 5th edition, Jones & Bartlett Learning, USA.
- Goldsteen RL, Goldsteen K and Dwelle TL (2015). **Introduction to Public Health Promises and Practices**. 2nd edition, Springer, USA.

Course Book/Textbook:

- Schneider M-J and Schneider HS (2017). Introduction to Public Health. 6th edition, Jones & Bartlett Learning, USA. ISBN-13: 978-1284197594 ISBN-10: 128419759X

Student's obligation (Special Requirements):

- Students are expected to attend all lecture and discussion sessions.
- Students are expected to come to class on time to prevent disrupting the lecture and classroom activities.
- Any student who misses more than 2 scheduled discussion section meetings will lose points from their discussion section grade.

Student's obligation (Special Requirements):

- Technology Policy: - Mobile device (e.g., smart phones, pagers, etc.) ringers will be turned off or placed on vibrate prior to class.
- Laptops and tablets can ONLY be used in the classroom to take notes, make calculations, and download/read course materials.
- Note that research suggests non-academic use of the Internet is associated with poorer learning outcomes.
- Complete homework assignments before the dates.

Course Evaluation Criteria

| Method | Quantity | Percentage (%) |
|---------------|----------|----------------|
| Seminar | 1 | 10 |
| Attendance | 1 | 5 |
| Participation | 1 | 5 |
| Quiz | 2 | 5 |
| Midterm Exam | 1 | 30 |
| Final Exam | 1 | 40 |
| Total | | 100 |

Examinations: True-False, Fill in the Blanks, Multiple Choices, Short Answers, , ,
